

GRAFTING IS A VERY OLD GAME

It is a Practise That Dates Back To the Time of Abraham.

SO SAYS PROF. ALBERT T. CLAY

Pennsylvania University Professor Says Hammurabi Was the First Man To Uncover the Graft.

Chicago, Oct. 31.—That graft is an institution which dates back to the time of Abraham was the conclusion of Prof. Albert T. Clay of the University of Pennsylvania, who produced photographs of archaeological discoveries to uphold his theory before the American Bible league conference at the Y. M. C. A. auditorium last night. Hammurabi, king of Shinar and 60 kings of Babylon, was the first man to uncover a grafter, according to the inscriptions which have been deciphered by experts. Just what special form of graft was practiced in the days of old is not told in the tablets which have been unearthed, but it is disclosed that Hammurabi wrote to one of his governors that bribery had been charged against an individual and asked for an investigation of the case. If he found the charge true, the governor should return the prisoner to him and also that which had been taken in bribery.

Another interesting letter of Hammurabi to one of his governors indicated that the king had become tired of waiting a month for his regular tribute and ordered that another month be added to the calendar, to go into operation immediately, and that the tribute should be collected on the first day of the new month.

3. The right of the farmer to ship in interstate commerce the carcasses of animals slaughtered on the farm is a

The transportation of meat or meat food products from one point in a state or territory to another point in the same state or territory when in course of shipment through another state or territory is interstate commerce and brings the said shipment within the scope of the meat inspection law and regulation.

JEWELRY WORKERS' STRIKE OFF

Chicago, Oct. 31.—The Jewelry Workers' union, which has been waging a four weeks' fight for an 8-hour day, voted yesterday to call the contest off. The 400 skilled jewelry artisans will return to work today.

AN IMPORTANT ARM OF THE RUSSIAN ARMY.

The cut illustrates a branch of the Muscovite military service which has thus far obtained little notice—the donkey transport. It is, in fact, one of the most indispensable adjuncts to the Russian army. Great numbers of these docile and sturdy little animals are purchased every year for the transportation department, and for long distances over the almost impassable Russian highways nothing else has proved to be so reliable.

SCORES OF HORSES SHOT.

Done to Put Them Out of Misery After Race to Walker Lake Reserve.

Hawthorne, Nov., Oct. 30.—Scores of horses that made the race from Hawthorne and down the mountain sides to the Walker Lake reservation were shot and killed this morning to end their suffering. It was found that the animals had been entirely unfitted for future work, having either been crippled in the run over the rocky country or having had their lungs permanently weakened. The carcasses of the animals will be buried in deep trenches.

One of the most serious shooting affrays that has yet been reported occurred at Hawthorne today when two men attempted to drive William McGilroy off his claim. McGilroy was fired at three times and had it not been for the timely interference of Deputy Sheriff Butler he would probably have been killed. McGilroy was one of the foremost men in the rush. Last night McGilroy's monument was thrown down and he was restoring it this morning when two men put in an appearance, covering McGilroy with their rifles. They demanded that he leave the premises. When he refused to do so they commenced firing at him and had fired three bullets in his direction when the deputy sheriff put in an appearance.

BLACKMAILERS PLEAD GUILTY AND SENTENCED.

Chicago, Ill., Oct. 31.—A dispatch to the Chronicle from Racine, Wis., says: Frederick Stocking and Hiram Miller, the two Milwaukee clerks who on Sept. 18 wrote a letter to Mrs. Richard Robinson, secretary of the Case Threshing Machine company, demanding that she deposit \$25,000 in the First National Bank of Chicago, and threatening the lives of Mrs. Robinson, her husband, son and daughter, yesterday, decided to plead guilty and be sentenced. Both had intended making a defense in the circuit court Nov. 12.

Stocking pleaded guilty to the charge of blackmailing, and was sentenced to serve 18 months in the state prison at Waupun, while Miller, who was charged with being an accessory of the fact, pleaded guilty, and was fined \$200 and costs, which were paid by his father-in-law.

A FAVORITE HAVANA OUTDOOR RESORT.

Central park, shown herewith, is one of the most popular outdoor resorts in Havana, which is by no means well provided with breathing places. This Central park is suggestive of its great New York namesake in title only. It is really little more than a good sized public square, and its principal feature is a daily concert given by an excellent band.

law, James Richards, a well-to-do resident of Omaha.

Stocking, who had superintended the interior decoration of the Robinson home and found the Robinsons liberal in the expenditure of money, conceived the plan, but did not inform his brother-in-law, Miller, of the deal until after the money had been placed on deposit in the credit of Miller by one Luther Roman, alias Frederick Stocking.

TAFT AND ROOT.

President Buys Pair of Horses Bearing These Names.

New York, Oct. 31.—A dispatch from Baltimore to the Times says it at President Roosevelt recently bought a pair of fine coaching horses in the west. The animals passed through Baltimore last night. They were named Taft and Root.

The animals are excellently matched. They are half brothers, 10 years old, bay geldings, mahogany in color and 16 hands high. They are sired in Michigan, by Woodbine, by Nutwood, the mother being French coaching stock. They were raised together and have never been separated. They will be driven exclusively to the president's coach.

SENATOR DEPEW AT THEATER.

New York, Oct. 31.—Senator Chamsey M. Depew, who recently returned from his country home to which he went from Washington because of general breakdown of his health, appeared in public last night for the first time since last spring. Accompanied by Mrs. Depew, his son and two friends, he occupied a box at the New Amsterdam theater. The senator seemed to have entirely recovered his health and appeared to thoroughly enjoy the performance.

SLOW IN PRINTING BALLOTS.

New York, Oct. 31.—There is doubt in the minds of the members to the election board whether the ballots for Tuesday's election can be printed in time. Never before has so short a time been allowed the printers to get out the enormous amount of work before them, and it was admitted early this morning, when the decision of the court of appeals was received, that only by the exertion of every energy could the ballots be in the voting places when the polls open on Tuesday morning.

The actual work of printing is a big task. There must be printed 3,000,000 ballots, and they are to be divided among 1,487 election districts. Every one of them must be in the hands of the inspectors on each district before the polls open on Tuesday morning.

ADMIRAL CASEY RETURNS.

New York, Oct. 31.—Rear Admiral

Silas Casey, who has been abroad for two years with his family, returned yesterday. The admiral said that the new British battleship Dreadnought had created considerable stir in naval circles.

"I hope the people of the United States will give support to Congress to pass the necessary bill to add such ships to our navy," said the admiral.

When asked how the American navy compared with that of Great Britain from a fighting point of view, Admiral Casey said that he did not mind two to one, but five to one might prove a little too much.

HEARST'S CAMPAIGN.

Snowstorm Ushers in Last Day of Up-State Tour.

Rochester, N. Y., Oct. 31.—The last day of William H. Hearst's upstate campaign trip welcomed him with a driving snow storm and generally very unfavorable weather conditions for a political candidate with a worn-out voice. In spite of the weather, when Mr. Hearst left here at 11 a. m. the understanding was that he would speak at meetings to be held this afternoon at Medina, Lockport, Niagara Falls and Batavia. The trip and the upstate campaign so far as Mr. Hearst's personal participation is concerned is expected to end tonight with three meetings in Buffalo, after which he will return to New York city.

CHICAGO BALLOTS HUGE.

Chicago, Oct. 31.—Samples of the ballot to be used in the city at the election next week were given out today. The ballot is the largest ever seen here since the adoption of the Australian system of voting. It measures 20 by 23 inches and bears the names of 234 candidates.

ATLANTA POLICE.

Grand Jury Says They Could Have Prevented Trouble if So Minded.

Atlanta, Ga., Oct. 30.—In its presentment today the Fulton county grand jury declares that had the city police force of Atlanta "possessed a determined front to the mob the incursion of the riots of Sept. 22 all serious trouble could have been averted."

It finds that after the riot was under full headway individual members of the police force with some exceptions acted with courage and with a knowledge of the seriousness of the situation, expecting that there was too little disposition to resort to stringent measures in protecting the ignorant and helpless.

The jury urges the establishment of an efficient county police department and ad-

Gratefully yours,

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and many fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

To overcome these troubles take Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has yet been discovered.

HOW TO FIND OUT

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling or if small particles float about in it, your kidneys are in need of immediate attention.

Special Note.—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonials received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle.

In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say that you read this generous offer in the Salt Lake City Daily Deseret News.

vises capital punishment for criminal assault. It is also declared that the better class of both races urgently demand the prompt enforcement of the law, and that the time has arrived when co-operation between the best elements of both races can be brought to bear in lessening crime.

UPRISING ALARM IN CUBA.

Havana, Oct. 30.—Maj. Theodore P. Kane, commander of the marines stationed at Cienfuegos, has sent in a report to the effect that on Oct. 27 he was informed that a serious uprising was on foot. He at once posted strong guards at the entrances to the city with orders not to permit a single person to pass in or out. He then went out reconnoitering and

in the town of Cauno, four miles to the northeast, he found Col. Toledo at the head of a mounted but unarmed body of 100 ex-insurgents. Toledo said he had organized for the purpose of resisting a threatened attack by Moderates. Maj. Kane explained that these fears were unfounded and advised Col. Toledo to disband his men and send them back to their homes. This advice was followed.
